

SERMON OUTLINE 19 APR

Rebuilding God's People with God's Word

Nehemiah 8:1-8

What do you think is the high point of our worship gatherings?

The Word that gathers and unites God's people (1-3)

The Word that produces reverent worship (4-6)

The Word that is made clear for obedient living (7-8)

Some questions to reflect on:

1. What is my physical and spiritual posture towards sermons in general? Is it closer to worshipful attentiveness or cynical disinterest? What does this show about my heart?
2. How can we as a church cultivate a culture where God's Word is eagerly expected, carefully explained, and joyfully obeyed?
